

Full Scoop

A Message from the Helm

Dear MDRA,

Thanks for all of your hard work so far this year. I hope most of you have taken some time or perhaps even a lot of time to get out on the water and fish. After all, that's what we are all about. The fishing classes so far this year have been nothing short of amazing. If you have not had a chance to attend, I highly recommend you catching the Sept or October ones. They take place the last Thursday of each month at the Playa Vista Public Library; 6:30-8pm.

On another note, we are starting to gear up for next year's halibut derby and I'm hoping that some/all of you can share some of your valuable time in order to make it the most successful one yet. We are currently looking at the 2nd weekend in May, 2011 and should have the date firmed up in the next few weeks. The derby is our main fundraiser to support the charitable activities that we do each year.

We are still looking at a few more club trips this year, if anyone is interested. I'm going on 1 1/2 day tuna trip on Sept 17 and Bob Kissling is looking into a some Channel Island trips.

As the president of the club, I'm available to discuss the club at your convenience. You can reach me via email at joshuagerson@gmail.com or by cell phone 310 845-6669.

Rgds,

Joshua Gerson, President MDRA

Upcoming Dates:

September 8 General Meeting by Stan Zisser
Sept 10-11 K H Marlin Contest at Avalon

December 8 Board Meeting to elect officers

MDRA Club Meeting on Wednesday, September 8th, 2010 - Starts at 7:00 PM

Stan has a meeting planed and a great Raffle.

MDRA Club Meeting on Wednesday, October 13th, 2010 - Starts at 7:00 PM

Larry has a not to be missed meeting planned... Ever have a knot break or reel in a curly cue at the end of your line? Hooking a fish is hard enough but losing it to a bad not is heart breaking. And of course little fish don't break line or knots. That's why we have the expression, "you should'a seen the big one that got away." Losing a big fish to a bad knot will happen no more!!! Say "No More" lost fish to bad knots.

Join the pros from Izorline for the Official 2010 MDRA Knot Tying Contest. Prizes will be awarded to the strongest knot in different applications, ie knot to hook or lure; splicing mono to braid and splicing fluoro to mono. Just how good are YOUR knots? Get them tested by the famous traveling Izorline Knot Testing Machine and learn the strongest knots from the best of the best. - the Izorline Pros.

Larry Brown will host this event and he assures this will be fun, entertaining and critically important to developing your fish catching skills.

Get there early and bring a friend.

MDR Anglers Releases White Seabass

Almost 3000 juvenaile white seabass were released recently from the two pens that Marina Del Rey Anglers maintains in Burtons Chase park. The Pen Pals invited in many guests to help count and release the fish.
